

## NCDOT Cardboard Program

**NCDOT has two programs in place to recycle cardboard from all locations statewide. Most locations use a Cardboard Dumpster and contract out with a Waste Recycling Vendor to remove cardboard from site and recycle.**

**or**

**NCDOT locations use a Cardboard Baler where the cardboard is collected and baled, then shipped to the Central Warehouse in Raleigh, where it is loaded onto a tractor trailer and sold where the revenue generated is used in sustaining various NCDOT recycling programs. This includes cardboard boxes, chip /paper board, tubes. Questions, Contact local City/County Solid Waste Management Division or contact, John Sharp (919) 715-3708, [jsharp@ncdot.gov](mailto:jsharp@ncdot.gov)**
